

# CHOOSING THE RIGHT SIZED PEN

## PEN SUB-LICENCE CHECKLIST SUMMARY

- Overall vessel length is less than pen length
- Overall vessel length includes all fixtures extending beyond the bow and stern of the vessel
- Pen length is finger jetty length (80%) plus up to 20% finger jetty overhang
- To finalise pen allocation, Marina Management's measurement of vessel confirms overall length is less than the pen size
- Ensure that walkways and finger jetties are clear of all items and tenders stowed and secured on board vessel
- Pen holder is liable for any damage to Mindarie Marina pens, jetties and property
- No discharge of pollutants into Marina
- No refueling unless moored at the fuelling jetty
- Please report all boating accidents, discharges and fuel spills immediately to Marina Management
- Electrical leads must be one continuous length of 15amp insulated cable with screw-on waterproof plug
- Termination during lease term by 30 days written notice to Marina Management after 4 months of current term
- Pen not transferable on sale of vessel
- Swimming or crabbing with floats in the Marina are not permitted
- Please behave respectfully at all times to ensure quiet enjoyment for all

### Prior to arrival of vessel, Pen Holder must provide the following to Marina Management:

1. Sub-licence application signed by all owners
2. Payment in full for the sub-licence term
3. Copy of vessels current registration
4. Copy of \$10m Public Liability insurance certificate of currency for vessel

Please refer to the Marina Management Sub-licence for full detailed conditions
